### *Name That Tune*

Two contestants play feel-good rounds of Name that Tune. Ten seconds of a '60s and '70s Billboard chart topper is played and the first contestant to hit their light-up buzzer and name the tune, wins. Just try not to sing along!

### *Newlywed Game*

Ever-so-cheeky questions hit contestants' funny bones while guests discover just how well these couples know one another. A version of this game can be created for co-workers instead of newlyweds, too!

### *Password*

The aim of this laugh-a-minute game is for each quick-witted contestant to get their teammate to guess their Password with one word clues. This word association game is played in lightning fast, 15 second rounds. Let's play!
